 Kako bi se na što bolji način promovirala važnost stipendija za otvaranje i povećanje pristupa visokom obrazovanju, u Sarajevu je tradicionalno organiziran Treći sajam stipendija 2012. Na osnovu organizacija prethodnih godina spomenuti sajam je već stekao status događaja koji promiče širenje i podsticanje mobilnosti studenata, nastavnika, saradnika i svih ostalih kako u Bosni i Hercegovini tako i izvan nje. Treći sajam stipendija 2012 je organizirala Služba za međunarodnu saradnju Univerziteta u Sarajevu. Partneri i prijatelji ovog sajma su: Fondacija kralja Baudouina, Mašinski fakultet u Sarajevu, Studentski parlament Univerziteta u Sarajevu i Udruženje „Spajalica“, kao medijski partner Sajma. Sajam je održan 17. oktobra 2012. godine u prostorijama Mašinskog fakulteta Univerziteta u Sarajevu (Wilsonovo šetalište 9), u terminu od 10,00 do 17,00 sati, i ovo je bila jedinstvena prilika da se predstave različiti oblici finansijske podrške (stipendije, jednokratna finansijska podrška, krediti, zajmovi itd.) bh. građanima za studij u Bosni i Hercegovini i inozemstvu (vladine i nevladine organizacije, diplomatsko-konzularna predstavništva, centri civilnih inicijativa, lokalne zajednice, strane institucije, kulturni centri i dr.). Stipendije imaju ključnu ulogu u uklanjanju finansijskih prepreka pristupu visokom obrazovanju i izravno utječu na povećanje broja visokoobrazovanih osoba koje će doprinositi dalnjem ekonomskom razvoju Bosne i Hercegovine te stvaranju društva utemeljenog na znanju. Prema tome, glavni cilj Trećeg sajma stipendija 2012 je promoviranje važnosti stipendija za otvaranje i olakšanje pristupa visokom obrazovanju. Ovaj sajam je informativnog karaktera, odnosno služi kao platforma za stjecanje uvida u mogućnosti provođenja projekata mobilnosti.

 The *Third Scholarship Fair 2012* was organized in Sarajevo with the goal to open and expand the higher education to everyone and promote the importance of the scholarships. For the first time in Bosnia and Herzegovina in 2010, the First Scholarship Fair was presented and it already gained a status of an event which promotes the students and staff's mobility in Bosnia and Herzegovina and abroad. “The Third Scholarship Fair 2012” was organized by the International Relations Office at the University of Sarajevo. Our partners in this endeavor were: the “King Baudouin” Foundation, UNSA Faculty of Mechanical Engineering, UNSA Students' Parliament and the “Spajalica” Association acting as media partner. At the Faculty of Mechanical Engineering on 17 October 2012, from 10:00 till 17:00 hrs, this event took place with a participation of many different institutions presenting different ways of financial funding (scholarships, credits, loans, etc) for the citizens of Bosnia and Herzegovina to study either in this country or abroad (governmental and non-governmental organizations, embassies, civil initiative centers, local communities, foreign institutions, centers for culture, etc). Fair visitors were expected to be high school senior year students, undergraduates, graduates and postgraduate candidates and all other persons who are in a need of scholarships for their professional education and lifelong learning process. The Fair's main goal is promoting the importance of scholarships and increasing the accession to higher education processes. These scholarships are playing the key role in surpassing the financial obstacles and exerting the influence on increment of the number of persons with higher education that will after graduation contribute to the economical development of Bosnia and Herzegovina and create the knowledge-based society.

 Sajam stipendija je svečano otvorio prof. dr. Muharem Avdipahić, rektor Univerziteta u Sarajevu, te istakao da je organizacija ovog događaja jedan od načina na koji koračamo ka evropskom akademskom prostoru.

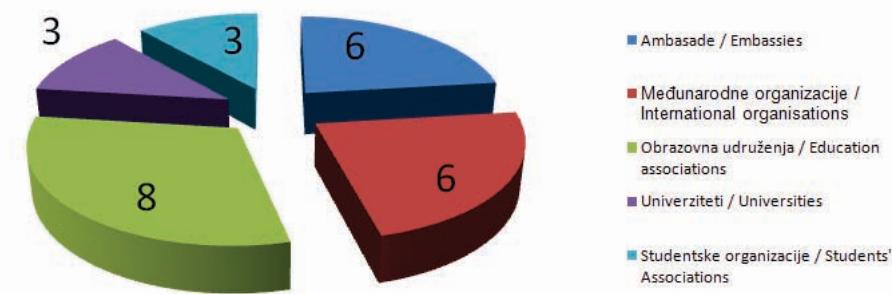

„Naša je odgovornost trostrukе naravi – odgovornost prema socijalnoj dimenziji univerziteta, odnosno prema pomoći studentima kojima je neophodno poboljšati materijalne uslove za školovanje, zatim prema pomoći nadarenim studentima za njihov daljnji razvoj i naša odgovornost prema onome što je Evropska unija proklamirala kao jedan od ciljeva u razvoju visokog obrazovanja, a to je da svaki peti student do 2020. godine proveđe jedan period studija van svoje države, a u najmanju ruku van svoje matične institucije“, istakao je rektor Avdipahić.

 Rector of the University of Sarajevo, Prof. Dr. Muharem Avdipahić officially opened *The Third Scholarship Fair 2012* by stating that organizing of that event had been one of ways to get closer to the European Academic Area.

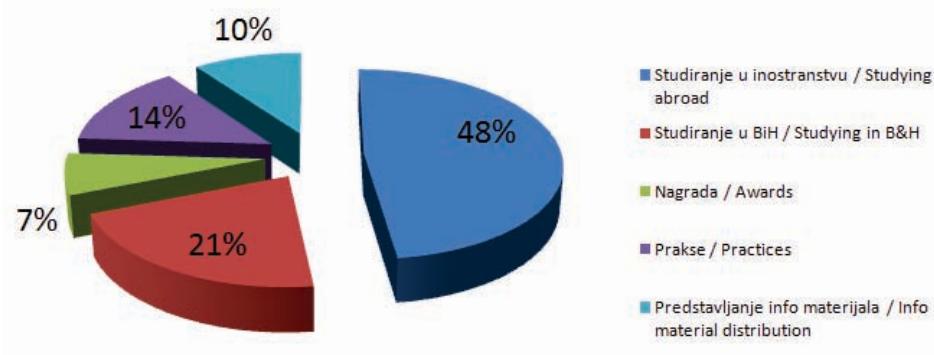

“The nature of our responsibility is threefold: (we have a) responsibility towards the University's social dimension - helping of students in a need to improve the material conditions for their education respectively, then to help talented students for the sake of their further development, and (we also have) a responsibility for what the European Union has proclaimed as one of the goals in higher education development that is respectively to have until 2020 every fifth student spending a certain period studying outside their country, or at least outside their host institutions” stated Rector Avdipahić.

 Na Trećem sajmu stipendija 2012 predstavljeno je 26 institucija koje dodjeljuju različite oblike finansijske podrške (stipendije, jednokratnu finansijsku podršku, kredite, zajmove itd.) bh. građanima za studij u Bosni i Hercegovini i inozemstvu (vladine i nevladine organizacije, diplomatsko-konzularna predstavnštva, centri civilnih inicijativa, lokalne zajednice, strane institucije, kulturni centri i dr.).  Univerzitet u Sarajevu je jedini univerzitet u Bosni i Hercegovini koji direktno učestvuje u svih pet projekata kroz program Erasmus Mundus za akademsku 2013/2014. godinu. Kako bi se projekti mobilnosti – Basileus, JoinEU-SEE, Sigma, Euroweb i Eraweb – što bolje predstavili i približili svim zainteresiranim koji su posjetili Treći sajam stipendija 2012, angažirali smo studente odnosno bivše stipendiste ovih projekata da kroz svoje iskustvo – od prijavljivanja do boravka na partnerskim EU univerzitetima – prenesu svoje doživljaje i ohrabre zainteresirane da se prijave za jednu od ponuđenih stipendija.

 The University of Sarajevo is the only university in Bosnia and Herzegovina that is a direct partner in all five Erasmus Mundus programs in 2013/2014 academic year. In order to have a better presentation of the programs: Basileus, JoinEU-SEE, Sigma, Euroweb and Eraweb, we have engaged several students – former alumni having participated in one of these mobility programs. They talked about their experiences, from the application to the student life and university obligations in the European Union. This way, we hope that their stories have given the visitors incentive to become potential candidates for the scholarships.

 I na Trećem sajmu stipendija uspjeli smo privući više od 5.000 posjetitelja, što svakako govori o ukupnoj zainteresiranosti za stipendije ali i o dobroj promociji stipendija i Sajma uopće. Služba za međunarodnu saradnju Univerziteta u Sarajevu je i ovaj put provela anketu među posjetiteljima Sajma i dobila rezultate profila posjetitelja kao i statistiku posjeta Sajmu. Studenti su opet činili većinu posjetitelja *Trećeg sajma stipendija 2012*, što je razumljivo jer se ponuda stipendija najviše odnosila na njih. Značajno je primijetiti dolazak članova porodice koji su se raspitivali za stipendije u ime drugih. Određeni postotak su činile i zaposlene osobe, koje su iskoristile ovu priliku da dođu i potraže stipendije ili informacije za dodatno obrazovanje ili usavršavanje. Učenici srednjih škola su ponovo obišli naš sajam kako bi se informirali o budućim projektima mobilnosti koji ih „čekaju“ kada upišu jednu od visokoškolskih ustanova.

 More than approximately 5000 people visited the *Third Scholarship Fair 2012*. Again, the majority of visitors were the student population. Significant number of family members came to the Fair to collect information for their relatives who are currently students. Also, as in previous year, many high school students came to the Fair, who wanted to receive information about potential scholarships for which they can apply after making application to enroll in some university in Bosnia and Herzegovina.

Kako bismo što bolje predstavili vijest o organizaciji Trećeg sajma stipendija 2012 i time privukli zainteresirane da na jednom mjestu pronađu informacije o stipendijama, uradili smo veliku medijsku promociju. Kroz izjave, gostovanja u jutarnjim i dnevnim emisijama te u radijskim programima predstavili smo projekat koji je na kraju rezultirao sa više od 5.000 posjetitelja.

Pored medijske promocije, također je pokrenuta i web stranica [www.sajamstipendija.ba](http://www.sajamstipendija.ba), koja je pratila rad Sajma i koja će i dalje biti na raspolaganju za sve zainteresovane da dobiju više informacija o institucijama koje nude stipendije. Također, naši partneri odnosno učesnici su promovirali Treći sajam stipendija kroz svoje distribucione kanale, web stranice, e-mail newslettere, socijalne mreže i slično.

 In order to spread the news about the Third Scholarship Fair 2012 and to attract as many people as possible so they can receive information about the scholarships on one place, we did the vast media promotions. Through statements, taking part in morning and daily shows and radio programs as well, we presented this project, which eventually leading to app. 5.000 visitors. Type of media and media houses are presented below.

With media promotion, we have started web page: [www.sajamstipendija.ba](http://www.sajamstipendija.ba) which followed the work of the fair, and which is available further for all potential candidates who wants to receive information about scholarship institutions. Also, our partners – participants promoted the Third Scholarship Fair 2012 through their media channels, web pages, email newsletters, social media, etc.

Time je studentima sva tri ciklusa studija, kao i studentima predbolonjskog sistema studija, nastavnicima i saradnicima Sarajevskog univerziteta omogućen studijski i stručni boravak na 39 univerziteta iz zemalja članica Evropske unije. Istovremeno, u projektu JoinEU-SEE IV naš univerzitet ove godine ima novu ulogu, ulogu sukoordinatora, čime je Univerzitet u Sarajevu postao prva visokoškolska institucija iz naše regije koja je u okviru Erasmus Mundus programa dobila ovu ulogu koja predstavlja korak naprijed ka samostalnom učešću u programu „Erasmus For All“. Udruženje  
"Spajalica"

 Udruženje „Spajalica“ je nevladina, neprofitna i nepolitička organizacija koja je osnovana augusta 2008. godine s ciljem promoviranja, razvoja i unapređenja obrazovanja u Bosni i Hercegovini. Na ovom sajmu Udruženje „Spajalica“ je predstavilo stipendije za studij u Bosni i Hercegovini kao i internetski portal Stipendije.ba.

Riječ „spajalica“ asocira na spajanje odvojenih cjelina u jednu koja je jasno definirana i kao takva funkcionalna. Osmišljavajući naziv Udruženja, prirodnim slijedom nametnula se riječ „spajalica“, koja opisuje našu osnovnu misiju u promoviranju, razvoju i unapređenju obrazovanja u BiH. „Spajalica“ realizira svoj cilj kroz spajanje lica koja nude pomoć obrazovanju i mladima u BiH i onih kojima je ista potrebna. Ona je tu da ih spoji na obostrano zadovoljstvo, u jednu cjelinu i funkcionalan sistem, čime se jača zajednica i grade mostovi uspjeha koji su snažni i traju. Ti mostovi su projekti Udruženja „Spajalica“. Ove godine, udruženje je bio naš medijski partner sajma.

 This association is a non-governmental, non-profit and apolitical organization which was established with a purpose of promoting, developing and improving the education in Bosnia and Herzegovina. The University of Sarajevo's former and present students set up the foundations of this association in August 2008. We have gathered around led by the idea that, indeed, with a little humaneness and sentiment for other people a lot can be done on improving the image and condition of the entire community, i.e. that every individual is worth of attention, support and help, but also that s/he can offer all that to other people. To raise the true values, those like wishing other people what one wishes for them, which are mentioned only as existing in the past, was the driving force which led to foundation of the association. With the symbolic name, which translated into English means “connecting-people”, we have started building bridges connecting those who offer help for young people and education and those who need that help. This year, this association was our media partner.

Grupa mladih žena je 2000. godine osnovala Centar za edukaciju i istraživanje „Nahla“ s ciljem da bosanskoj ženi pruži prostor u kojem će se osjećati sigurno i prihvaćeno i dobiti priliku da se obrazuje, druži, proširuje i obogaćuje svoja znanja i iskustva te usvoji vještine neophodne za uspješno obavljanje posla i aktivno učešće u društvenom životu. Tokom proteklih godina u „Nahli“ su znanja i vještine iz različitih oblasti stjecale stotine mladih djevojaka i žena. Visoko obrazovanje u Češkoj Republici uživa svjetsku reputaciju zbog visokog kvaliteta kojeg nudi. Ovaj kvalitet je zaštićen nacionalnim sistemom propisa i osiguravanjem kvaliteta. Naglasak na obrazovanje je razumljiv jer je uvijek igrao ključnu ulogu u životu ljudi Češke Republike. Bilo je to upravo u Pragu 1348. godine, gdje je osnovan prvi univerzitet u centralnoj Evropi (tadašnji češki kralj Karlo IV). Obuka i istraživanja bili su presudni za razvoj nove nacije u svojoj modernoj historiji. Češka, mala zemlja u srcu Evrope, itekako je svjesna da je međunarodna saradnja u nauci i inovacijama preduvjet za dugoročan uspjeh u globaliziranom svijetu. Studiranje u Češkoj Republici, u zemlji kulturnog raskršća, dobro je mjesto za razvoj otvorenog uma i jačanje sposobnosti svakog učenika da radi zajedno s drugim ljudima iz različitih sredina. To može poslužiti kao središte daljnog prilagođavanja modernom obrazovnom okruženju na evropskoj i globalnoj razini. Životni standard u Češkoj Republici je prilično visok, ali troškovi života ostaju i dalje razumni.

Higher education in the Czech Republic enjoys a worldwide reputation for its high quality. This quality is safeguarded by a national system of regulation and quality assurance. The emphasis on education is understandable because it has always played a key role in the life of the Czech people. It was in Prague, in the year 1348, where the first university in Central Europe was founded (by then Czech King Charles IV). Training and research were crucial for a new development of the nation in its modern history. The Czech Republic, a small country in the heart of Europe, is very much aware that an international cooperation in science and innovation is a prerogative for a long term success in the globalized world. Studying in the Czech Republic, in a country at the cultural crossroads, is well suited to help develop an open mind and strengthen ability of every student to work together with other people of different backgrounds. Thus, it could also serve as a hub for further adaptation into the modern educational environment at both European and global level. The living standards in the Czech Republic are quite high while the costs of living remain reasonable.

Općepoznato je da Japan od završetka rata pruža razne vidove pomoći Bosni i Hercegovini. S druge strane, često smo u prilici da nas pitaju zašto Japan pomaže Bosni i Hercegovini kad je udaljenost između nas tako velika. Odgovor je vrlo jednostavan. Prije svega, Japan je zemlja koja voli mir. Mi vjerujemo da će stabilnost i mir ovdje biti uzvraćeni mirom i prosperitetom u Japanu. Također, iz vlastitog iskustva u Drugom svjetskom ratu znamo šta znači uništenje zemlje, društva i porodice. I zato teškoće Bosne i Hercegovine osjećamo kao vlastite. Možda je vrijedno spomenuti osnovni pristup japanske diplomatiјe i ciljeve Japana za zemlje Balkana, a koji se temelji na tri principa: ostvarenje čvrstog mira, ostvarenje ekonomskog razvoja i ostvarenje regionalne saradnje. Odnosi naših dviju zemalja će u bliskoj budućnosti zasigurno preći iz sadašnjeg odnosa donator – primalac u ravnopravno partnerstvo. Uzajamno djelovanje na nivou naroda je od izuzetne važnosti, jer samo takvo djelovanje može postati dobra osnova na kojoj može procvjetati poslovna razmjena. Bolje uzajamno razumijevanje je neophodno za bolje odnose ovih dviju zemalja.

It is well known that Japan has been assisting Bosnia and Herzegovina in many ways since the end of the war. On many occasions Japan has been praised for that. On the other hand, we are often asked why, despite such a great distance, Japan has been helping Bosnia and Herzegovina. The answer to this is simple. Foremost, Japan is a peace loving country. We trust stability or peace here would bring peace and prosperity back to Japan. We also know from our own experience of WWII what the destruction of a county, a society and a family means to us. Looking at the plight of B&H, we feel as if it were our own affair. It may have been worth mentioning the basic Japanese diplomatic approach and Japan's goals for the Balkan countries which are based on three principles: the realization of Peace Consolidation, the realization of Economic Development and the realization of Regional Cooperation. Interaction at the people's level is of paramount importance, because only such interaction can become a good basis on which business exchange can flourish. Better understandings of each other are required for better relations of both countries.

Samo u Sarajevu, osim diplomatskog ureda, nalazi se i konzularni odjel, odjel za kulturu i naučnu saradnju, vojni ured i ataše za unutarnju sigurnost. Francuski institut, Centar „André Malraux“ i Francuska škola u Sarajevu, koju podržava Laička misija, također su predstavnici francuske kulture u Bosni i Hercegovini. I najzad, iako su smješteni izvan Bosne i Hercegovine, nekoliko ureda u regionu, kao što su Regionalni audiovizuelni ured i Regionalni ured za multilateralnu saradnju za Balkan, rade na problematički koja se direktno dotiče države i Francuske ambasade u Sarajevu.

The Embassy is an open place trying to accommodate visitors in the best terms, advise them, help them with their projects and procedures. It tries to establish close contact with its users and fulfill their needs in a wide range of actions and projects. The Embassy headed by the Ambassador, who is a French government representative participates with various departments in the implementation of French policy in Bosnia and Herzegovina. Just in Sarajevo, except diplomatic office, there is Consular Department, Department for Culture and Scientific Cooperation, the Economic Mission, the Military Office and the Attaché for Internal Security. The French Institute, André Malraux Center and French School in Sarajevo supported Lay Mission - are also the French culture representatives in Bosnia and Herzegovina. And finally, even though they are located outside of Bosnia and Herzegovina, several offices in the region, such as Audiovisual Regional Office and the Regional Office for Multilateral Cooperation in the Balkans, are working on issues that directly influence the states and the French Embassy in Sarajevo.
