ABOUT LEÓN

León is a wonderful city, combining stunning historical architecture with an irresistible energy. Its standout attraction is the cathedral, one of the most beautiful in Spain, but there's so much more to see and do here. By day you'll encounter a city with its roots firmly planted in the soil of the north of Spain, with its grand monuments, loyal Catholic heritage and a role as an important staging post along the Camino de Santiago (St. James Way).

In 2013, León was recognized by UNESCO as the birthplace of Parliamentarism, whose origin dates back to 1188 in the Ancient Kingdom of León.

By night León is taken over by a deep-into-the-night soundtrack of revelry that floods the narrow streets and plazas of the picturesque old quarter, the Barrio Húmedo. It's a fabulous mix. You will never forget the tapas in León.

Discover our big region!

Famous vineyards are part of our region. Some of them can be found along the ancestral Camino de Santiago.
